

TASKI®

TASKI® Jonmaster Ultra Cloth

Key advantages

- High quality microfibre material
- Excellent dust and dirt pick-up properties
- Effective bacteria removal
- Colour-coded

Benefits

- High cloth durability
- Outstanding cleaning performance
- Meets hygiene and safety demands

Each TASKI Jonmaster Ultra Cloth is carefully manufactured using the highest quality materials available to guarantee superior cleaning performance. All cloths provide optimal soil pick-up properties for excellent cleaning and hygiene results. The cloths are guaranteed for 500 wash and use cycles provided the instructions of use and laundry instructions specified by Diversey Care are followed.

The fine fibres of TASKI Jonmaster Ultra Cloth make it easy to pick-up and remove the smallest dust particles, dirt and grease. The cloths have been independently tested according to the new EN16615: 2015 standard which covers the bactericidal and yeasticidal activity of wipes on hard surfaces in medical areas. In these tests the cloths were shown to remove more than 99% of *Staphylococcus aureus*, *Enterococcus hirae*, *Pseudomonas aeruginosa* and *Candida albicans* from the surface. The TASKI Jonmaster Ultra Cloth is available in four colours to allow end users to comply with colour coding practises.

Usage

It is recommended to use the TASKI Jonmaster Ultra Cloth damp with 100% of its own weight of moisture to assure the best cleaning effect – removing the need for a second drying pass.

The TASKI Jonmaster Ultra Cloth also carries the Nordic Swan Ecolabelling. Nordic Ecolabelled fabric cleaning products containing microfibres, for professional use, are amongst the least environmentally harmful in their group. The products fulfill stringent requirements on the health and environmental characteristics of constituent materials as well as quality and performance. Nordic Ecolabelled fabric cleaning products, containing microfibres, for professional use:

- Offer first-rate cleaning performance
- Are durable (providing a long service life)
- Contribute to lowering emissions to water and the air
- Are gentle on the surface being cleaned

TASKI® Jonmaster Ultra Cloth

When using the TASKI Jonmaster Ultra Cloth, fine fibres create a capillary effect within the cloth that collects and retains dust particles, dirt and grease from the surface.

Caring for your cloth

- Always rinse the cloths without detergent
- Wash colours separately
- Do not launder together with other textiles
- Do not use any bleach, softener or highly alkaline laundry product
- Please take care that too high temperatures or over-drying causes thermal damage to the fibres

When using microfibre cloths please wear gloves to protect the skin of the hands.

Do not use the cloth on rough surfaces or surfaces treated with furniture polish.

Technical data

Material	80% polyester (PES), 20% polyamide (PA)	Washing (max.)	Machine wash at 95°C
Size	32 x 32 cm	Drying	Dry at 60°C (maximum)
Colours	Blue, red, green, yellow	Durability	Washable over 500 times at 95°C (max.)

The above data is typical of normal production and should not be taken as a specification.

Product	Size	Pack size	Article code
TASKI Jonmaster Ultra Cloth Blue	32 x 32cm	20 pc	7516151
TASKI Jonmaster Ultra Cloth Red	32 x 32cm	20 pc	7516152
TASKI Jonmaster Ultra Cloth Green	32 x 32cm	20 pc	7516153
TASKI Jonmaster Ultra Cloth Yellow	32 x 32cm	20 pc	7516154
TASKI Jonmaster Ultra Cloth XL Blue	40 x 40cm	20 pc	7517508
