Description

Twister by Diversey is an innovative method for daily floor maintenance that cleans and polishes a variety of protected and unprotected floors by using floor pads prepared with billions of microscopic diamonds. It is a simple, safe, cost efficient and environmentally friendly approach to professional cleaning, producing astonishing results on any type of floor.

The Twister Pad Purple is recommended for daily cleaning in environments where soft coatings are used to protect the floor and where there is a high demand for gloss. The Twister Pad Purple contains a special blend of diamonds that prolongs the life time of the coating and increases time between the strip and seal process. It reduces the layer of coatings with up to 50%, requires no additional machine investments and has a lifespan of approx. 60 000 m² (640 000 ft²).

For full information on where to use please consult the product selector guide.

Twister™ Diamond Floor Pads - Purple

Instructions for use

- Select the appropriate Twister pad
- Mount side labelled "Machine Side" facing the machine and the colored side facing the floor
- Use only water together with Twister
- Clean and polish
- After use, rinse the Twister pad
- If the color is gone, change the pad

Please note: The diamond impregnated side of the pad is colored and works as a wear indicator.
