

Concentrated neutral rinse aid

Description

Suma Select Pur-Eco A7 is a concentrated low foam neutral rinse additive for machine ware washing.

Key properties

Suma Select Pur-Eco A7 is a concentrated neutral rinse additive. It has been specially formulated for use in a wide range of ware washing machines. The special blend of non-ionic surfactants is designed to lower the surface tension of the final rinsing water. This prevents droplet formation, and because the water sheets off the surface in a thin layer, drying times are also reduced. This special blend also prevents heavy foaming in the dish wash machine.

Benefits

- Highly concentrated formulation gives economy in use
- Ensures quick drying
- Gives streak and spot-free results
- Low foaming action for more efficient operation
- EU Ecolabel (EU-flower) certified
- Reduced impact on aquatic ecosystems
- Limited hazardous substances
- Performance tested

Dosage

Use at a minimum concentration of 0.1 ml/l* at temperatures of 70-80 °C in soft/medium water conditions. The product is directly injected into the final rinse water, using Diversey dosing equipment. Actual dosage levels are determined according to local site conditions with a maximum dosage of 0,3 ml/l.

Using the EU Ecolabelled product according to dosage instructions and minimum recommended temperatures will contribute to the reduction of energy and water consumption and water pollution.

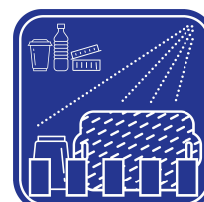

**This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*

Application

Suma Select Pur-Eco A7 is recommended for use in all types of automatically dosed commercial ware washing machines.

EU Ecolabel: SE/038/001

A7

Technical data

Appearance:	Clear Blue Liquid
Odour:	Product specific
pH value (neat):	≈ 5
pH value (in use):	≈ 7
Relative density (g/cm ³ ; 20°C):	≈ 1.02

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; sds.diversey.com. Store in original closed containers away from extremes of temperature. Only for professional users / specialists.

Product compatibility

Under recommended conditions of use, Suma Select Pur-Eco A7 is suitable for use on most materials commonly encountered in the kitchen.

Environmental information

Suma Select Pur-Eco A7 was awarded the licence (SE/038/001) fulfilling the EU-Ecolabel criteria as an environmentally friendly product.
